

Government

2nd Letter to Governor Schwarzenegger

Governor Arnold Schwarzenegger
State Capitol Building
Sacramento, CA 95814
September 30, 2004

Dear Governor Schwarzenegger,

This is a follow-up of the previous letter sent to you on September 26th.

The enclosed second fax was sent to our state elevator gestapo. Our elevator is still inoperable. I have called the office of Stephen Singleton several times with no return call.

If you are the man I believe you to be, for the sake of the economy, you will take these useless leeches off the backs of the small businesses.

I pray God help you as you clean house of the octopus strangling those of us who work to pay their salaries.

Respectfully yours,

Marie Kolasinski
