The Carona Fiasco

Letter to the Editor — The Orange County Register

To the Editor,

The Carona fiasco sounds like an O.J. replay. The Bible says, “Before the great and terrible day of the Lord we shall see all lying signs and wonders,” and Mike Carona is definitely one of these.

Typical Godless America calls this kangaroo court trial a miracle wrought by God; however, our sin will find us out. Let us all pray we put an end to calling “evil good and good evil.” Carona’s famous quote thinking he is vindicated... trust me when I tell you the law cannot vindicate our sins — only our humbling ourselves before a holy God will vindicate any of us.
